**1.1.41**
**a Lesson in the University of The New Covenant**
Theodore Cottingham, June 21, 2003

1. Ted, My world is so big, so big, so big. My people have thought so small for so long but I am changing that. I am coming and changing the things that have kept My people small, so small, even in their own eyes, and thus keeping themselves small in all eyes. Ted, I am coming, I am changing, and I am moving like never before in history Ted, today, now.

2. I am rearranging and connecting and setting free and opening eyes and hearts and thinking to recognize and realize that I am and I am is powerful and not powerless.

3. Be not deceived Ted, I am not mocked, I am not mocked for long, I am not mocked. So many have mocked Me and My people, but their time is coming, just like My time is now. My people's time is now. My people's time is now. My people's time is now Ted. I am Me and I am coming in power like never before.

4. Ted connections, connections, connections. I've talked with you about relationships and how I connect people rather than simply using money and the things of this world.

5. I am more. I am higher. I am majesty and my ways are majestic.

6. The battleground is the mind. The mind feeds the spirit. The spirit receives or rejects and in turn feeds the mind. Both the mind and spirit have a choice, have a choice, have a choice. Ted, that's why so many are confused. They don't understand the interaction of their mind and their spirit. Their mind is the physical part of their spirit.

7. The spirit aches so often and that's why so many need so many medicines to aid them and quell the pain, minimize the pain they have in their mind, their mind, the physical part of their spirit. Their spirit can be healed; their mind can be healed. They both interact and feed the other information, data, feelings, concepts, and information transcendent even now to your, and common, understandings. The mind; the soul, the soul, the soul.

8. The soul and the spirit is one. So many speak of the soul but they mean the mind. They have them confused. The mind of man is the physical part of man's spirit. The spirit and soul are one and the same. Ted, elementary are these things. Elementary are these things and many, most things I have given you. Some are keys but most are foundational to my kingdom.

9. Ted, your soul and your spirit are one. Your mind and your thinking are one, physically, unless and until your spirit feeds your mind/thinking. And that's what happens when your spirit matures—your spirit/soul is no longer dominated by your thinker/mind. You can be soul/spirit dominated or thinker/mind/flesh dominated. Your thinker/mind will

die and be left behind. Your soul/spirit comes to Me and is judged and lives out eternity with Me in My presence, or in everlasting darkness, separation, evil, hideous and insidious peril of horrors of which many will see, all will see who reject me. And there is no escape from that place. There is no mercy then. Time as you know it will have ended and there they will be, forever, because they rejected me day after day.

10. Day after day I came, I called, I wooed my bride to Me in effervescent ways, so that they could not miss me, if they were open to Me at all. Ted, I speak. I come, I came. I am. And I want My people to know Me and know that I came to all and I come to all and I come now in newness of life and intimacy and set right the thinker/mind of My people who will let Me nourish their spirit/soul.

11. My spirit imparts into your spirit. We can use the same terms but many terms have caused confusion and that's why I'm addressing this today. I want my people to think right and be correct in their mind, their thinker/mind, as well as illuminate the thinking and wisdom and accuracy of their spirit/soul. The thinker/mind is the physical part of the spirit/soul. Do you have it now? Do you grasp it? Do you have it separated right? This is important for I will build on this in the future with you in My word to come to you.

12. I have so many words to come to you. I have so many words and so much wisdom and knowledge and understanding to come to you, awaiting you, Ted, awaiting you, if you will come, and want them more, and spend more time with Me getting them, getting them, getting them. Please come get them Ted. I have so few that will come get them and not be afraid to publish them. You're gutsy Ted, you're gutsy and I'm proud of you. You're growing extensively and exponentially and that's s why I'm connecting you now with some other leaders that will propel you exponentially even more.

13. My hand is upon you and My anointing is upon My words through you. Give them My words. Give them My words. Give them My words and tell them of My kindness and mercy and altogether-never-ending mercy. Altogether-never-ending mercy, until it's over, and judgment occurs. It is appointed unto every man to die.

14. My Word, My Word, My Word, more must know My Word to build the foundation for Me to speak to them, so that they know truth when they hear it, and know when they hear untruth and can be mature enough to reject it.

15. Grow, grow, grow. Grow them all Ted. I will grow you and grow so many through you for your chief aim is to please Me and to keep others from hurting. Ted. Thank you for wanting My people to not hurt. Thank you. Thank you for spreading My salve, My Word, My words, to all who will listen. I thank you I thank you I thank you.

16. Now write your paper for Regent and I will be with you in the days to come in special ways, for you have many decisions to make. Some I will guide you explicitly in, and some, many, many Ted, many you will have to make in the wisdom I have already provided you.

17. Walk in My wisdom and in the nurture of those I bring you. Utilize them in freedom and let their gifts flourish and hold on to them never. Water, flourish them, salve them and heal them and nudge them to grow in every area of their lives, and step out in Me, in Me, in Me. and I will be so grateful.

18. So many hold on tightly to every person that comes along that will help them ever so little, for they are looking to people to help propel them, rather than Me, and Ted, you are looking to Me and to only please Me, that's why I can bring you so many, so many, so many multi-talented multi-gifted people that can lead, lead, lead armies themselves, and will, and can, and will, after they've been with you awhile, awhile, some a little while and some a long while.

19. Remember Ted, they are all Mine and not yours. I like the way you have operated with DeLayne. The freedom you have given her, you give to all, and watch what I do with them, and with you. Watch My people flourish. Ted, you've seen it, you've seen it, you've seen the people in lines that even want to help you. You will see it. For you Ted, have the key, Me.

20. Thank you for growing in your unselfishness. You must grow in it much, much, much, more, much more. Effortize your dealings in permeated kindness and let you motives be pure to develop all those around you, always and forever more, and let me love on them directly.

21. Thank you Ted, thank you. Thank you for allowing Me to write this through you today. I come and I come more and I come so much more to you and to all who will keep letting Me and making the choices to open to Me more and more. May these words of Mine through you open them, open them, open them to My desire to deal with them directly and write through them, freeing every one of their gifts and talents and all that I have given them in My design for them.

22. And they can have more. Tell them they can have more, much more, so much more. Just come to My table and let Me feed, nourish, nurture and mature them, and I will give them more, so much more, so much more, more Ted, than they can contain, if they truly come after it. That's why constantly there's an overflow to all those around them. And growth becomes exponential.

23. I love you Ted. Write, write, write more and keep publishing and I will open mega-doors for your words that I write through you to be translated and distributed in languages innumerable. Just you wait and see. Hold tight but don't sit still. Accelerate and come more often. And you will not be disappointed.

24. I have given you several sweet relationships already. I am bringing you more. Enjoy them, cherish them, cherish them, cherish them, and take nothing and none of them for granted. They are Mine, they are my lambs and I network you with My lambs who I desire. Be careful and cautious and protective not of yourself, but most protective of my lambs.

25. I Ted, will hold you accountable, accountable, accountable, for what you do with my lambs—sternly Ted. I speak My love to you directly and you bear much responsibility. You watch carefully over my lambs and hold on to none of them, and protect them carefully in my tenderness and deep love.

26. Thank you, thank you, thank you.
Thank you so much
Thank you so much.

27. Ted, can you tell I really don't want to stop, I really don't, I really don't. I want to keep talking with you and touching you and giving you My words and My heart and deal with so many subjects of wide diversity.

28. But Ted, for now, do what you need to and come to Me often and tell them to come to Me often and Ted, I will meet all your needs, and joy will flow from you and power will come from your mouth and your words and your future will be as bright as Mine.

29. Do as I say and not as your flesh pulls you at times. You're Mine. Be Mine, all Mine.

30. Purity, accountability, accountability, I am bringing you people true to Me you can be accountable to. Enjoy them and appreciate My accountability.

31. I love you. I love you. I love you.
I love you.
